Professional Summary

Senior Unity Developer with 5+ years of professional experience shipping mobile games, VR/XR experiences, and real-time multiplayer systems in Unity and C#. Expert in Photon Fusion / FishNet networking, PlayFab (Azure Gaming BaaS), and cloud backends across AWS, Azure, and Firebase, with production-level Arabic RTL localization for MENA markets. Key work includes a real-time multiplayer game with 50K+ downloads, a VR app showcased at GISEC Dubai 2024, and 3 self-published games with 22K+ total downloads. Top-Rated on Upwork with a 100% job success score across 50+ international projects.

Technical Skills

- **Languages:** C#, .NET, Java, Python, TypeScript, JavaScript, SQL, Bash
- **Game Engines & UI:** Unity, UI Toolkit / uGUI, HTML5 Canvas, WebGL
- **Multiplayer & Networking:** Photon Fusion, FishNet, Mirror, real-time WebSocket systems
- **Backend & Cloud:** PlayFab (Azure Gaming BaaS), Firebase, AWS, Azure, REST APIs
- **VR / XR:** Meta Quest 2 / 3, immersive & educational VR simulations
- **Monetization & Live-Ops:** Unity IAP, AdMob, leaderboards, analytics, tournaments, live-ops
- **Localization:** Arabic RTL (right-to-left) internationalization for MENA markets
- **Practices:** OOP, Design Patterns, SOLID, REST APIs, Agile / Scrum, Postman
- **Version Control & Tools:** Git, GitHub, Perforce, Visual Studio, JetBrains Rider / IntelliJ IDEA, Arduino, Agora

Education

BSc (Hons) Computer Science — University of Greenwich, United Kingdom | 2021

Dual-award programme delivered with Modern Sciences and Arts University (MSA), Cairo, Egypt

Bachelor of Computer Science — Modern Sciences and Arts University (MSA), Cairo, Egypt | 2021

Major: Computer Science | Second Place, Digital Corona Hackathon (727 teams)

Professional Experience

Unity Developer — Sports Interactive

October 2025 to January 2026

- Contributed to **Football Manager 2026** in C# — an annual franchise shipped to 2M+ users globally.
- Implemented full Arabic RTL localization using Unity's UI Toolkit — production-level, locale-aware layout for MENA markets.
- Operated within a large-scale Perforce-based pipeline across a team of 100+ developers.

Senior Unity Developer — Thaka International

August 2024 to October 2024

- Developed advanced game mechanics and optimized performance using Unity and C#.
- Collaborated with cross-functional teams to deliver high-quality projects on schedule.

Top-Rated Unity & C# Freelancer — Upwork

February 2022 to Present

- Delivered 50+ projects with a 100% job success score, focusing on Unity, VR/XR, multiplayer, and cloud-based game solutions.
- Built real-time multiplayer systems with Photon Fusion and a PlayFab backend — authentication, leaderboards, tournaments, live-ops, and IAP.
- Developed an educational VR game showcased at GISEC Dubai 2024 (Meta Quest 2), and delivered game-based learning for Rutgers University.
- Self-published 3 mobile games with 22K+ combined downloads on Google Play.

Selected Projects

- **Educational VR Training — GISEC Dubai 2024:** Immersive VR experience built in Unity for Meta Quest 2, showcased at the global cybersecurity conference in Dubai.
- **Real-Time Multiplayer — Block Battle Online:** 1v1 real-time multiplayer puzzle game on Unity + Photon Fusion with a PlayFab backend (authentication, leaderboards, tournaments, live-ops, IAP). 50K+ downloads, 4.7 stars, 700+ reviews.
- **Steampunk Sokoban Puzzle:** Self-published Unity mobile puzzle game with 1,000+ handcrafted levels across 6 difficulty tiers; PlayFab backend, Unity IAP, and AdMob.
- **Game-Based Learning — Rutgers University:** Educational WebGL platform with a PlayFab cloud backend — authentication, analytics, and cloud data storage.
- **Self-Published Mobile Games:** 3 Unity games with cloud backends (PlayFab / Firebase), Unity IAP, and AdMob; 22K+ combined downloads on Google Play.

Certifications

- AWS Certified Cloud Practitioner
- IBM IoT Cloud Developer | IBM Artificial Intelligence Analyst | IBM Cloud Application Developer

Awards & Achievements

- Second Place — Digital Corona Hackathon (727 teams)
- Published 3 mobile games with 22K+ total downloads on Google Play
- Best Organizing Team Member of the Month — Student Training Committee
